

Coolmobile® *The ultimate mobile air-conditioning system*

Instant cooling where and wherever you want it

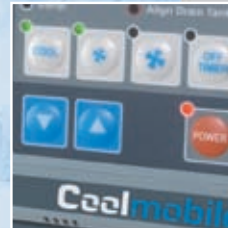

Coolmobile® is the most mobile air-conditioning system on the market. It is practical, flexible and easy in application. Ideal for rental, because it's suitable for a wide range of applications: from cramped rooms to large halls, along production lines and directed at specific work spaces, next to sources of heat and directly aimed at sensitive equipment. Your customers simply plug the Coolmobile® into the nearest wall socket and they can cool down any location they want!

Tailor made solutions, easy for rent

Coolmobile® offers a wide range of models and options. This means you can always offer your customers the mobile air-conditioning they need.

Coolmobile® can bring the ideal temperature to:

- electronic and computer rooms
- factories and welding shops
- waiting rooms
- professional kitchens and cafeterias
- temporary workspaces and offices
- party tents and halls
- hospitals and care institutes

Coolmobile® is brought to you by: **THERMOBILE** - leading in heating & cooling
